

Mr. Brian Heinen

I would like to thank you so very much for the outstanding job you did for CB&I at the 2007 LNG Conference in Barcelona! From our very first meeting, I knew I could trust you and your expertise. Your enthusiasm and creative ideas produced a night our clients will remember above and beyond any other event they attended.

You helped me select a venue that was perfect and in line for our company. The performers, props and food were amazing! The red carpet and photographers made our clients feel like "movie stars" as soon as they arrived. The sunset and views were spectacular.

The vendors you selected were so professional and I truly appreciated this, especially since our senior management and top clients were in attendance.

After flying to Barcelona in January and seeing the options you had available to me, I was concerned about how I would work from the States with the language barrier. But I worried needlessly because you stepped up and took care of all the details and logistics. I have been a corporate meeting planner for 20 years. You truly outshine everyone I have worked with before. You always made yourself available, even with the time difference.

Again I want to thank you for doing an outstanding job and let you know that I appreciated all your time and efforts. I know you will be pleased to hear that I received high praise from our executives and clients!

Sincerely,
