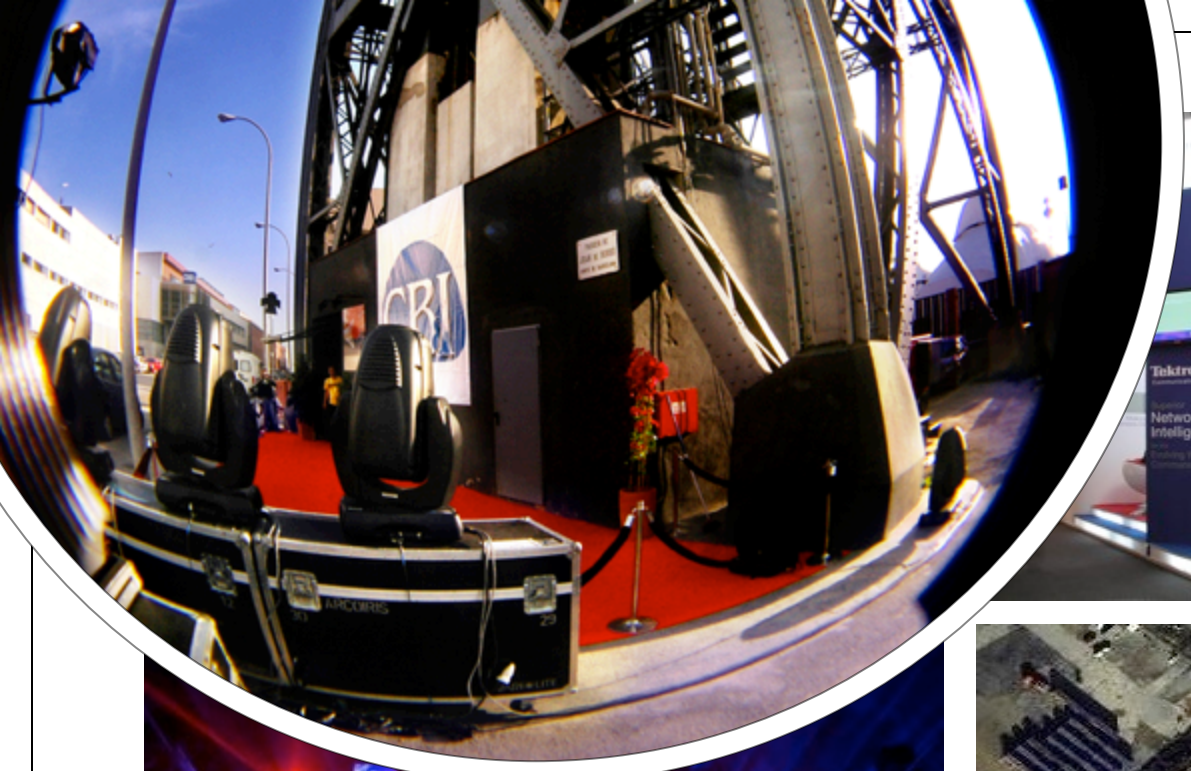
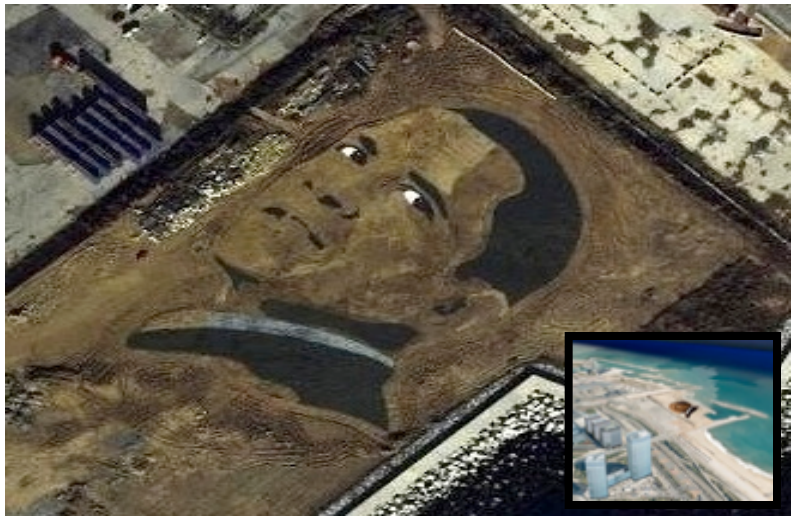
Conceptualization

Local Producer





Production

Communication

Core Competences:

1. **Conceptualizing**, **planning** and **creation** of live shows, trade fairs, branding experiences, installations, conference stands, live sets, corporate and incentive events - then the development of ideas to ready-made productions

2. **Overseeing** the **production** of such events and managing the operations, budget, design, logistics and coordinating third party providers from beginning to end, turn-key solution

3. **Marketing**, **Social Media** and **Communication** around such events to make sure that through our extensive network of media partners and through third parties the brand and the message is delivered to as many possible B2B and B2C eyeballs
